The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed pro-cesses which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stemach is not alone

the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn-absolutely removes every tainting or corrupting ele-ment. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood. If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constituted or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from billiousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

THE DEATH LIST OF 1909.

During the past thirty years the Gaz te has kept lists of the deaths of all who have died in Alexandria, white male adults, and today the names of such who have paid the debt of nature during the year which closes tonight are published. Probably more Gazettes are printed on December 31 than on any other day in the year, as copies of the issue of that day are sent to nearly all derangements.

The best agents known to medical science for the city of the above symptoms of leading tenders and gractitioners of leading tenders and practice of leading tenders of the United States. It is an old saying that go where you will you will find Alexandrians or persons who have at some time in their lives resided in this city, and many Alexandrians procure copies of the edition on the last day of the year for the purpose of sending them to relatives. Friends and acquantances elsewhere in order that they may see who have fallen in the march of life. It is interesting to read Alexandia's mortaury list of the past third of a century. It brings to mind many incidents in the history of our city. The thousands who have gone before cannot be parts of the United States. It is an old with us tonight to participate in the joy which will be in the air nor in the ringing in of the new year. They are resting from their labors, and while their mistakes are being forgotten, their good leeds become luminous as time goes on.
